The **Czech Republic** is a country in Central Europe bordered by Germany to the west, Austria to the south, Slovakia to the east, and Poland to the northeast. Czech Republic is one of those countries that have a booming tourist industry in last years.
Prague is the capital city of the Czech Republic with a history dating back a millennium. Nicknamed "the City of a Hundred Spires", Prague is home to a number of famous cultural attractions, many of which survived the violence and destruction of 20th-century Europe. The city sits amid the gentle landscapes of the Bohemian plateau, straddling the Vltava River, which is the longest river in the Czech Republic.
